Large Portable ULV Fogging Machine

One of the most powerful and durable ULV machines of its size in the market, the C100+ has been equipped with a new air intake, reducing the core temperature of the fogger by 28%, enhancing its performance in long working conditions. Fitted with a new larger 4-litre tank and our exclusive 1250 Watt Samsung motor, this fogger can produce a powerful flow rate between 30-60 LPH and can easily cover an area of 100 m² in less than a minute. With an adjustable droplet size between 5-50 microns and a spray distance of up to 5 to 10 metres at an angle of up to 80°, this fogger will be able to perform the most demanding of jobs with ease
